August 25, 2021

Dear School Community Members,

The Rochelle Park School District is prepared to welcome students and staff to the 2021-2022 school year. We are excited and eagerly anticipate having students back in the school building attending as one student body for a full day of on-site instruction!

Last year updates were sent to the school community quite often, as was necessary, to keep all members informed of important matters, from COVID-19 and varied instructional schedules and methods to reconstruction of the building due to a flood among other matters. Last year was very eventful and while we hope to not repeat those events it is worthwhile to remember them as they resulted in a supportive, cohesive, and resilient school community. The lessons learned, academically, socially, and emotionally, are valuable and will continue to be built upon as we move forward with a new school year.

The Rochelle Park School District has followed all requirements as set forth by the Governor of New Jersey and the New Jersey Department of Education, and the district will continue to do so. As changes to the State's Executive Orders may ensue, so will the practices of the district. Again, updates and information will be shared as needed to keep the members of the school community informed, safe, and healthy.

The District will post updates on events, policies, regulations, and procedures, among other important information on the district's website: www.rochellepark.org. Please visit the website and always know that the faculty, staff, and administration welcome you reaching out to us with questions or concerns. In addition, Mr. Alberta, Midland School Principal, and Mrs. Meyers, Midland School Nurse, have shared letters welcoming the students to the new school year. Their letters offer important updates and guidelines; please be sure to review this information that was sent home and is also posted on the website.

Wishing you a most enjoyable remainder of the summer break. We look forward to seeing you soon.

Sincerely,

Dr. Sue DeNobile,
Superintendent
