March 6, 2024

Dear Parents/Guardians,

Thank you to everyone for the support and cooperation provided for today's unexpected early dismissal. The source of the flooding has been identified as a failed coil and valve for an air handler unit. The necessary repairs have been made. Midland School will be back to a normal schedule tomorrow.

As the event started a shelter in place was called to keep students and staff safe, wanting to avoid the change of the periods. Those who have a period 7 lunch were safely brought to their lunch period. All others remained in class with regular planned instructional time. Once the decision to have an early dismissal was made it was communicated to you as quickly as possible.

As a friendly reminder, please ensure your child's Realtime account has current contact information for your phone, email, and emergency contact people identified with their contact information as well. This will help ensure you are receiving the district's communications.

On behalf of the administration, faculty and staff, I extend sincere appreciation for the responsiveness, care and cooperation given today. We look forward to seeing everyone back to their usual routine tomorrow.

Sincerely,

Sue DeNobile, Superintendent
