## **COVID-19 School Notification, Positive Case in School**

July 27, 2021

Dear Members of the Rochelle Park School Community:

This letter is to inform you that an individual at Midland School's summer program has been identified as positive for Coronavirus Disease 2019 (COVID-19). The individual was last in Midland School on Monday, July 26, 2021. All persons considered possible close/primary contacts and falling into the category of having to specifically quarantine because of close contact have already received private individual communications. The purpose of today's general communication is to keep you informed of the district's incidences related to COVID-19.

The District continues to coordinate closely with public health officials and to follow CDC, state, and local health department guidance in order to assure the health and safety of our community. Cleaning and disinfecting of all exposed areas continues.

As in prior communications, we encourage all members of our community to continue following the Centers for Disease Control & Prevention and New Jersey Department of Health promoted safeguards. The importance of continuing to monitor for symptoms, remaining home and not exposing oneself to others when not feeling well continues to be of importance.

Please know your health and safety is our priority. Your support and cooperation continues to be most needed and appreciated. Please contact either Mr. Alberta, Principal, Mrs. Meyers, School Nurse, or me should you need further guidance.

Sincerely,

*Sue DeNobile*

Dr. Sue DeNobile,  
Superintendent
